**PROJECT:** Petition to abandon an unnamed twenty (20) foot wide by a hundred (100) foot long right of way adjacent to Parkersburg Corporation Tax Map 50, Parcel 126, commonly known as 2610 26<sup>th</sup> Street, and Parkersburg Corporation Tax Map 50, Parcels 118 & 119, commonly known as 2515 & 2517 Fairview Avenue.

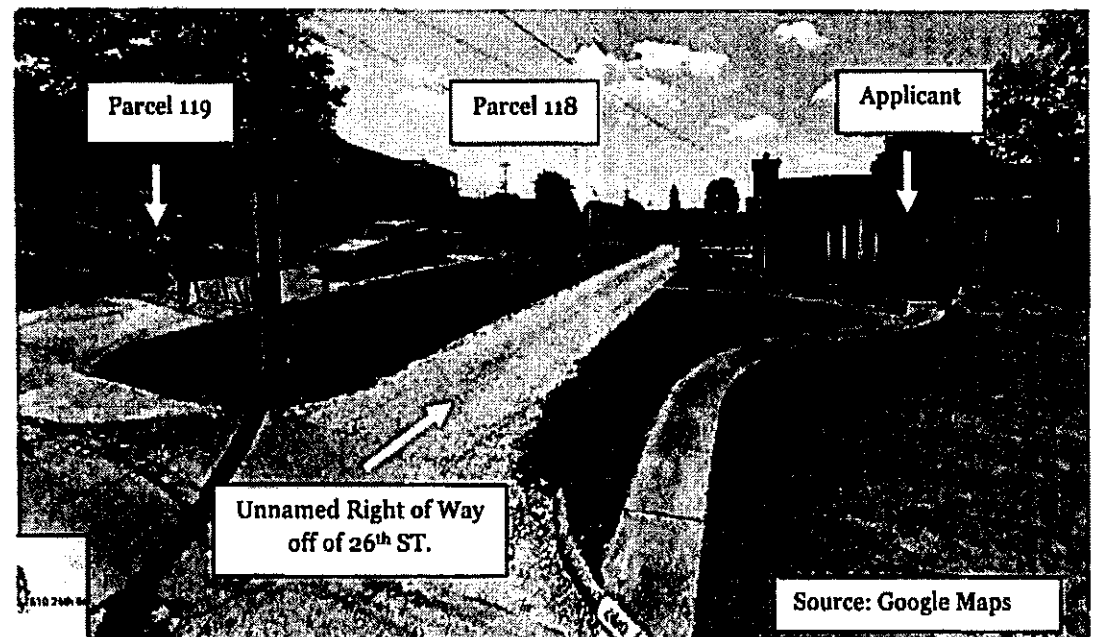

**LOCATION:** 2610 26<sup>th</sup> Street

**APPLICANT:** Carolyn Beckett

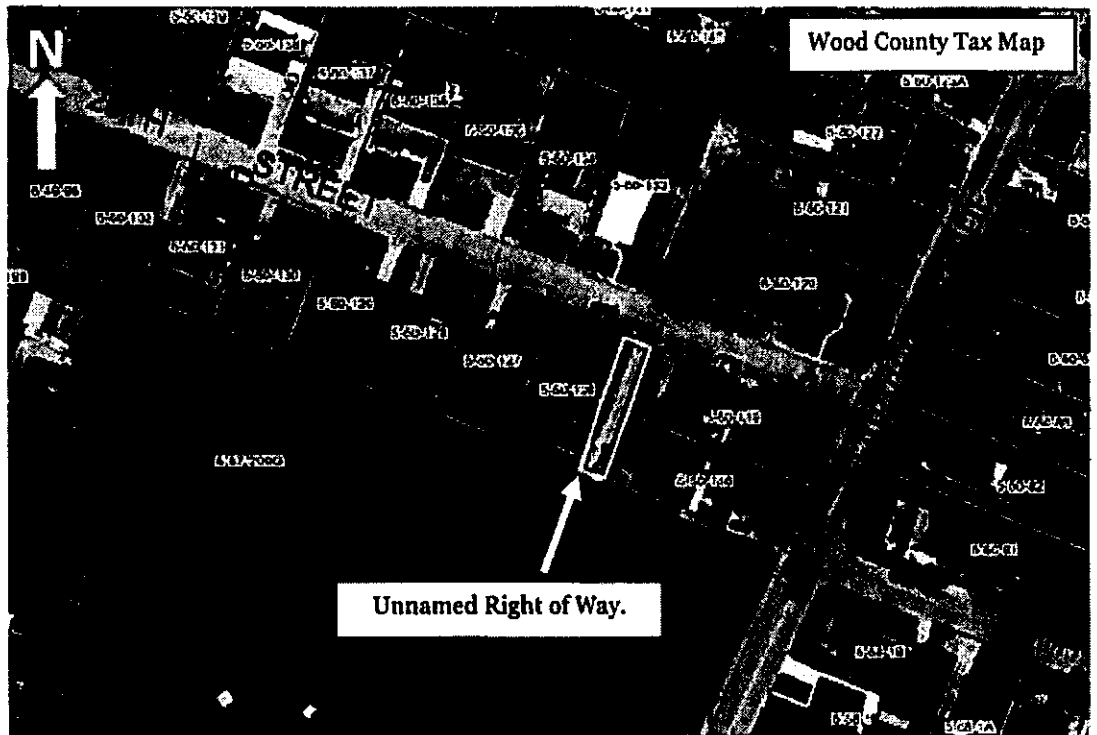

## **PROJECT DESCRIPTION**

- Application was tabled during the May 18<sup>th</sup>, 2018 MPC Meeting.
- Applicant seeks to abandon the unnamed right of way off of 26<sup>th</sup> Street. This right of way is twenty (20) feet wide and a hundred (100) feet long.
- Applicant owns all the property west to the proposed abandonment site. (See map). The applicant wants to obtain and maintain the right of way as a personal driveway, which currently appears to be the current use of the right of way.
- Applicant is requesting that utility rights be released. Reasoning is that if abandoned and claimed, the released rights would allow her to pave a driveway.

## **ANALYSIS**

**DEPARTMENTAL REVIEW (From the May 18<sup>th</sup>, 2018 Meeting)**

The Parkersburg Utility Board has no records of any water or sanitary sewer lines in the alley and has reason to think that this alley may be needed in the future to construct water or sewer facilities in order to serve adjacent properties and is willing to approve the proposed petition. PUB also provided the following comment – “We would also like to mention that alleys throughout the City of Parkersburg were put in place originally to not only provide a location for utilities when necessary, but to provide a means of ingress and egress, for the property owners, for the rear of the properties located adjacent to these alleys. We also believe that these alleys can be critical for the ingress and egress of vehicles and equipment that may be necessary to perform critical maintenance and construction activities on structures located adjacent to these alleys.”

The Public Works Department (Engineering Division) gave a conditional approval with the comment. “Is applicant aware that half of alley (10’) will become their property?”

The Parkersburg Police & Fire Departments had no issues with the proposed abandonment and gave approval.

Frontier Communications had no issues with the proposed abandonment and no facilities were located in the right of way.

Mon Power (First Energy) has no facilities located in the proposed abandonment and gave approval.

Dominion Hope has no facilities located within the proposed abandonment.

### **LAND USE SUBCOMMITTEE RECOMMENDATION (From the May 18<sup>th</sup>, 2018 Meeting)**

The Land Use Subcommittee met on Monday, April 30<sup>th</sup>, 2018 on site to discuss the proposed abandonment. Members in attendance included Sel Wigal, Sherry Dugan, Luke Peters, Tom Evans, and Dave McCrady. Discussion was had about the proposed abandonment. Upon review, members asked City Staff what the applicant was planning on doing. Staff informed them that there were no definite plans for construction or anything of that nature onto the right of way from the applicant, just that the applicant wishes to obtain it and keep it maintained as her driveway.

Members also discussed the cemetery adjacent to the right of way as well. At that time, City Staff had no received comment from the cemetery. Since then however, the property notice letter was returned to the Development office. County records have no clear address for the cemetery. There was also some discussion about recommending private right of way access for those adjacent lots. Members left the site with no recommendation and wanted to wait until May 18<sup>th</sup>'s meeting to discuss it further.

Eric Gumm was unable to attend the meeting but called City Staff to discuss the petition. He had concerns for the adjacent lots and their rear access. He stated that he was opposed unless something else comes to light during the May 18<sup>th</sup> meeting.

### **LAND USE SUBCOMMITTEE RECOMMENDATION (August 24<sup>th</sup>, 2018 Meeting)**

The Land Use Subcommittee met on Monday, August 13<sup>th</sup>, 2018 in the City Building to discuss the proposed abandonment. Members in attendance included Sel Wigal, Sherry Dugan, Luke Peters, Tom Evans, and Charlie Matthews. More discussion was had about the Planning Commission's procedures of consolidating claimed right of ways with the applicant's adjacent property. Past examples were brought up when some abandoned right of ways were not consolidated and some when they were. Discussion was also had about the wording on the application. City Staff reached out to City counsel about the interpretation. No recommendation was made by the subcommittee.

### **PLANNING DIVISION RECOMMENDATION**

While the City's 2020 Comprehensive Master Plan Update encourages infill redevelopment, it does not specifically address right of way closures in the community.

The Planning Division understands the applicant's desire to continue the use of the right of way as a private driveway. The Planning Division would prefer that a private right of way or language added to the quit-claim deed would provide Parcel 118, also known as 2515 Fairview Avenue, access for critical maintenance and construction activities only. If that could be done then the Planning Division would recommend that the Municipal Planning Commission approve the request to abandon the unnamed right of way, have the utilities released, and require consolidation or at least mentioned in any quit claim deed that abandoned right of way property always go with City Tax Map 50, Parcel 126, also known as 2610 26<sup>th</sup> Street.

**AN ORDINANCE TO REZONE  
PARKERSBURG CORPORATION TAX MAP 47, PART OF

Thus making the entire property a B-2 Zone.

**PROJECT:** Petition to rezone a portion of Parkersburg Corporation Tax Map 47, Parcel B from a Residential (R-3) Zone to a Business (B-2) Zone.

**LOCATION:** 2501 Dudley Avenue

**OWNER/APPLICANT:** Ryan Taylor, Pickering Associates, C/O Rev. J. Stephen Vallelonga, V.F. of Roman Catholic Diocese of Wheeling & Westbrook Health Services

## **PROJECT DESCRIPTION**

- Applicant seeks to rezone a portion of Parcel B. Parcel B is half Business (B-2) Zone and half Residential (R-3) Zone.
- The building on Parcel B used to be the old YWCA. Applicant stated in the application the following; *"The planned project will provide needed space for Westbrook Health Services to continue to provide mental health, addiction, intellectual/developmental disabilities services to the community through adaptive reuse of an existing YWCA facility."* A portion of the existing structure stretches into the portion of the Parcel that is zoned Residential.

# Wood County Tax Map with Zoning

## ANALYSIS

The Future Land-Use Map of the 2020 Comprehensive Master Plan Update identifies that portion of Parcel B, also known as 2501 Dudley Avenue as High Density Residential. The purpose of the High Density Residential classification is to: Sustain the existing urban neighborhoods; maximize compatible infill and redevelopment. Primary uses are high density residential (8 – 10 units per acre). Secondary uses are neighborhood/small-scale commercial, education, health care and government services, and low density residential, recreation (parks). Design standards include maximum front setback, lighting, fencing and landscaped buffers.

# Parkersburg Future Land Use Map

## DEPARTMENTAL REVIEW

The Parkersburg Utility Board had no issues with the proposed rezoning request and gave approval.

The Public Works Department (Engineering Division) had no issues and gave approval.

The Parkersburg Police & Fire Department had no issues with the proposed rezoning and gave approval.

## LAND USE SUBCOMMITTEE RECOMMENDATION

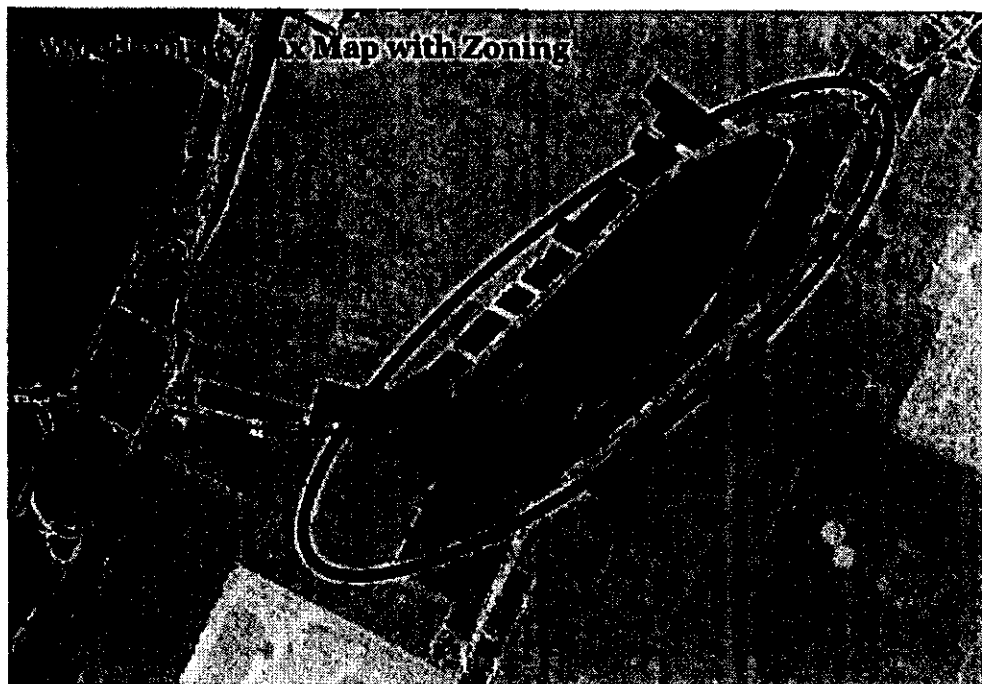

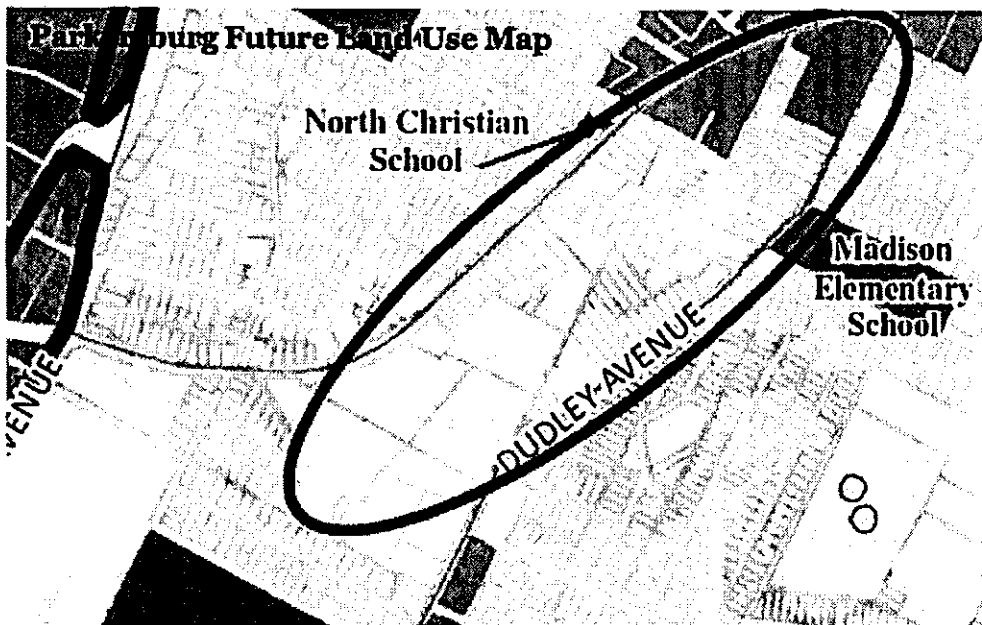

The Land Use Subcommittee met on Monday, August 13<sup>th</sup>, 2018 to discuss the proposed rezoning. Members in attendance included Sel Wigal, Sherry Dugan, Luke Peters, Tom Evans, and Charlie Matthews. There was a discussion about the property, both past and planned use and how it is currently dual zoned. Members gave a recommendation to approve the rezoning. Eric Gumm was unable to attend the meeting but emailed City Staff about the proposed rezoning and gave his approval.

## PLANNING DIVISION RECOMMENDATION

Although the intended use within this Parcel is not for residential, City Staff recommends approval for the proposed rezoning as it is keeping with the City's Comprehensive Master Plan's secondary uses for health care services. Removing the split zone for Parcel B will allow the proposed use and/or future uses that are allowed in a B-2 zone to be utilized in all of current structure.

City Staff also finds that the land uses within the areas both West and North of Dudley Avenue from Parkersburg High School to Emerson Avenue are physically different than outlined in the Future Land Use Map (High-density residential). Although there are some multi-family high density residential dwellings within this area, there is also small scale commercial like medical offices, gas stations and restaurants, and single family dwellings are located here as well.

In the Land Use Plan of the Comprehensive Master Plan are areas targeted for infill and redevelopment. One of those areas is the 19<sup>th</sup> Street, Dudley Avenue, and St. Mary's Avenue corridor, which was once a small, but vibrant commercial district.

City Staff also recommends that additional requirements are met regarding the screening and/or landscape buffers within Parcel B.

Typically, when business zones abut residential zones, the following is required with regards to parking.

Screening

Off-street parking areas for more than ten vehicles shall be effectively screened by a screen fence on each side which adjoins or faces and is within ten feet of any premises situated in any R District, unless such premises are developed with a nonresidential use. Such fence shall be not less than five feet or more than six feet in height and shall be maintained in good condition.

Lighting

Any lighting used to illuminate any off-street parking are shall be arranged so as to reflect light away from adjoining premises in any Residential District.

However, although the Terrapin Park Apartments are located within a Business Zone, the Planning Division recommends that a more distinct fence or barrier be provided and installed between Parcel B and Terrapin Park Apartments and that all lighting is arranged to reflect away in accordance with the aforementioned guidelines.
