For further information, please contact Ryan Barber, Development Projects Administrator, at the above address or by calling (304) 424-8452.

Quincy Park Lighting Enhancements

- It is proposed to incorporate all new LED lighting throughout Quincy Park. Lighting is viewed a key factor to park safety as it clarifies the layout of the park by emphasizing walkways, focal points, gathering places and building entrances. A well-lit park will improve legibility, use and enjoyment of all users, as well as provide greater range and choice in which the park is accessible. Reducing safety concerns in Parkersburg Parks is a priority for the administration.
